**NEW SHOW-ROOMS FOR BED-STEADS.**—HEAL and SON have created some extensive Warehouses for the purpose of keeping every description of Bedstead. In Iron their stock will include every sort manufactured from the cheap stump, for servants' use, to the handsomely ornamented tubular-painted Canopy, as well as Brass Bedsteads of every shape and pattern; and in Wooden Bedsteads, their rooms are sufficiently extensive to allow them to fit up a variety, both in Polished Birch and Mahogany, of Four-post, Canopy, and French-bed, and also of Japanese Bedsteads—in fact, to keep in stock every variety of Bedsteads for the market; and they have also a general stock of Furniture, Carpets, and Mattings, and are prepared to receive their stock complete for the Furnishing of Bed-rooms, as well as Bedding. And without attempting to compete with the prices at which the lowest class of Furniture is sold, and which is fit for the use of servants, their new stock will be found to be well suited to the taste and requirements of the middle class, during the last thirty years, been so successfully extended, and the goods, whether of a plain and simple pattern, or of a handsomer and more expensive character, are of well-chosen materials, sound workmanship,
